

# VOLUNTEERS NEEDED

## What To Expect As An AGTS Volunteer

### Time Commitment:

\* 6 meetings from September through December  
This is when you will learn about the prints in the portfolio. You need to know this before going into the classroom.

\*5-8 Classroom Visits from January through May  
This is when we talk about the prints with the students, play games, and do fun activities to engage the children with the artwork. You will visit each school once.

### Extra Time:

You would also spend time, at your own convenience, learning about the artwork (This is the fun part for you!)  
Most volunteers make index cards with important details to take with them into the classroom in case they forget something.

### Do I need to invent games on my own?

NO! We provide the supplies. You choose the games that work best with your style. Of course if you are feeling creative, you may do your own thing and share with the group.
